Addendum No. 1

Carbon Dioxide Liquid Bulk and Tank Rentals for City Swimming Pools (Annual Contract) RFB No. 23-0028

Use the ADDENDA ACKNOWLEDGEMENT form provided in the solicitation to acknowledge receipt of this Addendum. Failure to do so may result in your submittal being deemed non-responsive and not receiving further consideration for award.

Vendors are informed that the above subject Bid is hereby modified, corrected, or supplemented as specified, described and set forth in this Addendum:

1. Question:

Is it possible to come by and take a look at the pools? Am I able to visibly see these tanks if I were to come and look?

Answer: Although there will be no "site visits" scheduled, you are welcome to look at the locations noted in the specifications (Page 16, #3. DELIVERY LOCATIONS AND CYLINDER TANK REQUIREMENTS). Unfortunately, you will not be able to meet with anyone. Also, you will not be able to visibly see any tanks. The indoor pool has two tanks located in the pump room which will need to be replaced with newer tanks and equipment. The outdoor pools do not have tanks yet but will be under new construction next year to include new tanks. The vendor must be able to install, maintain and fill these tanks once the construction is complete.
